The Alex Files

(VIEWER DISCRETION: This document contains disturbing and sensitive information.)

All victim names have been censored for privacy reasons. avoid recognition and distance themselves from existing allegations.

Alex, the sole known owner of *The Arena of Robloxia*, is the primary subject of this report. Evidence suggests that he has engaged in inappropriate interactions with minors, including requesting nude pictures and making harmful statements encouraging self-harm.

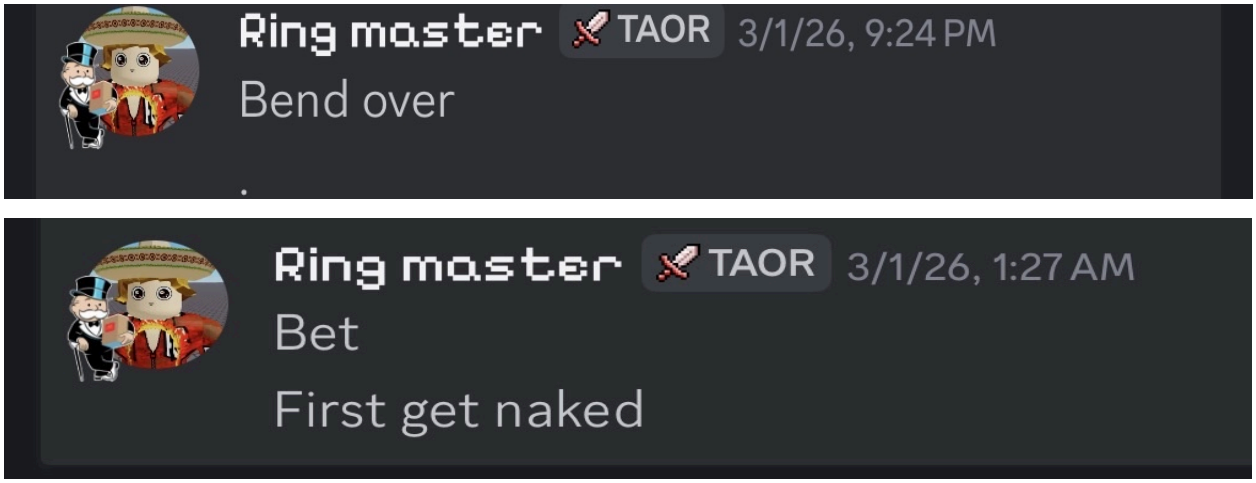
He has claimed that his behavior was influenced by experiences with his cousins at a young age; however, this does not excuse the continuation of these actions. Reports indicate that he is still actively engaging in concerning behavior toward users.

A content creator, Malachi Sega, has also produced videos documenting Alex's actions and message history

Alex is currently 15 years old, and their known victims are typically between the ages of 9–16.They have changed their username multiple times, likely

in an attempt to **ry:Video 1: https://youtu.be/vD3OyUa0EtEVideo 2: https://youtu.be/g-EjPwlyTFQ**

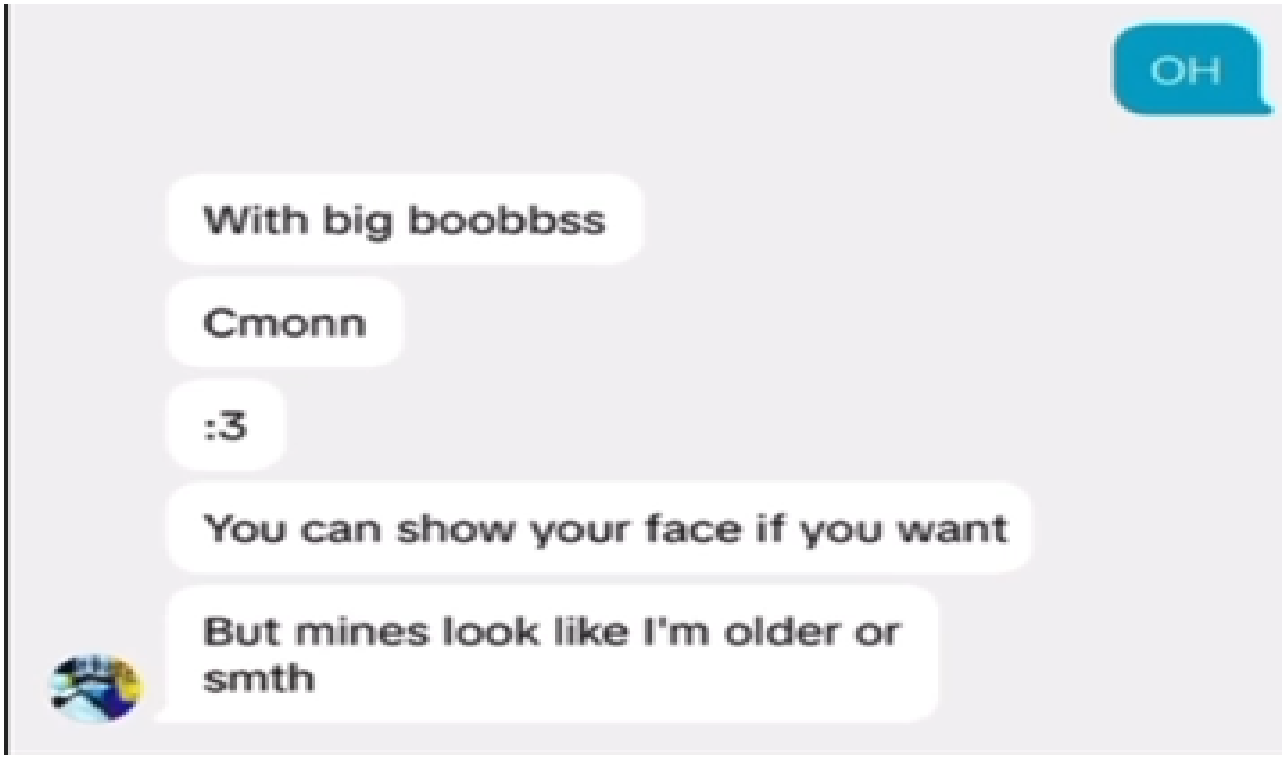
Despite changing identities, Alex has reportedly continued asking minors for nude pictures and engaging in inappropriate conversations. Victims identified so far range from ages 9 to 14.



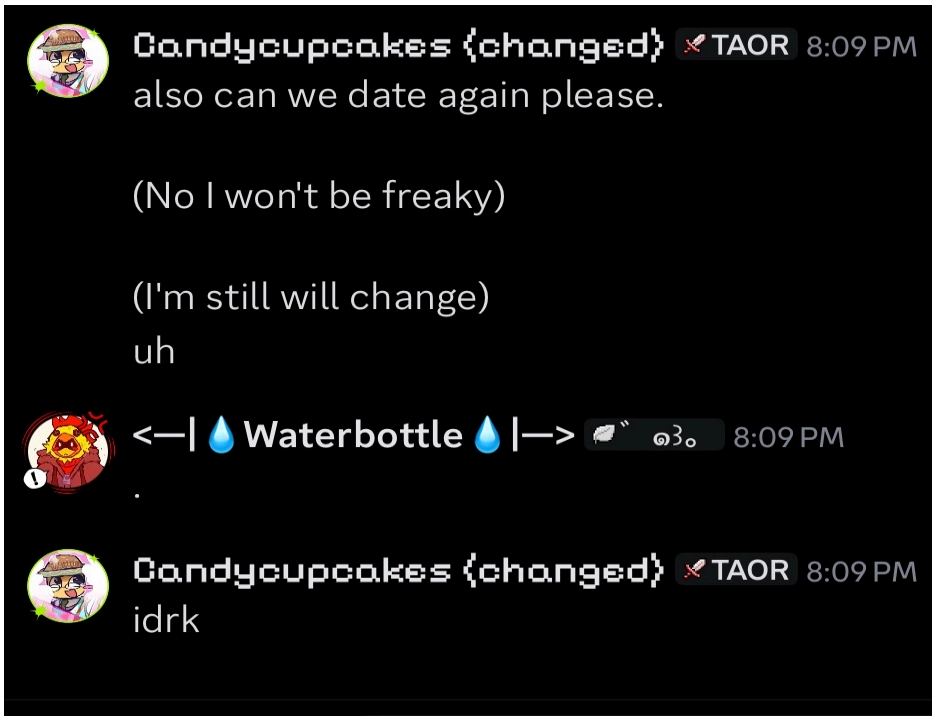
Alex decides to play it off like Auto-Correct can automatically correct you to say “Let’s have sex.”

can you stick your tounge out on me when jigglin your ass in my dih?

Nakedly



Alex asks the victim for their chest with *“big breasts”* included.



Alex then tries to date hi
Alex then decides to make *fake allegations* targeted to **Malachi Sega** for exposing him.

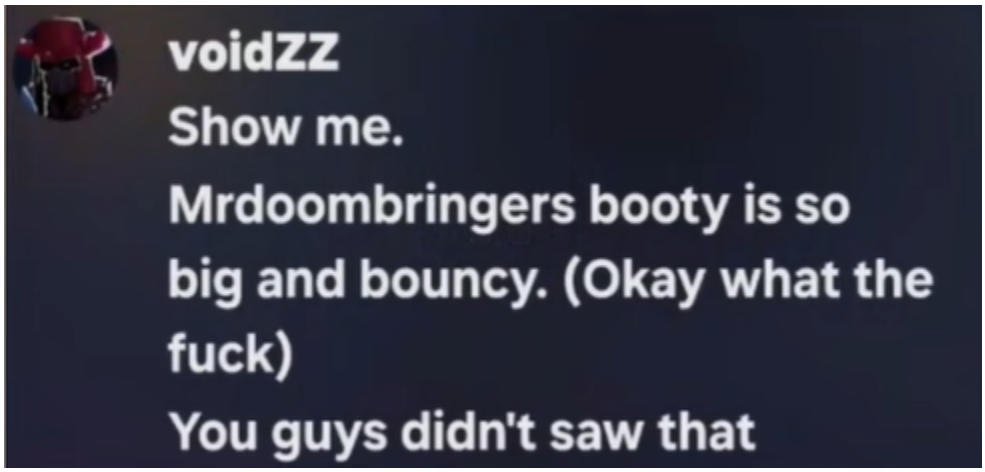
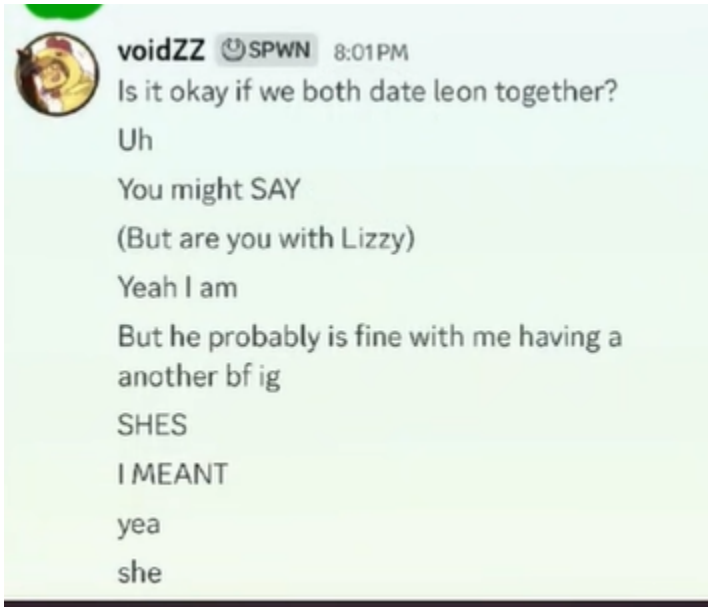
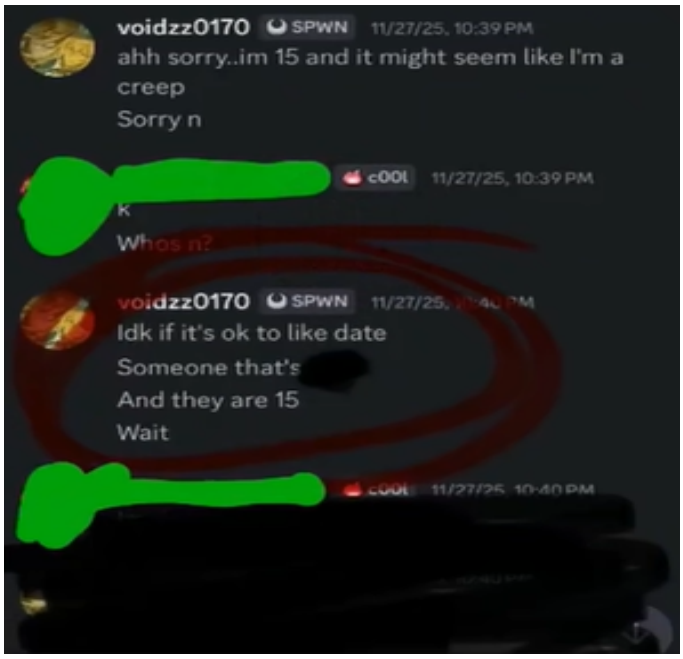
<u>Alex AGAIN asks his victim (different) for a nude picture of their butt.</u>



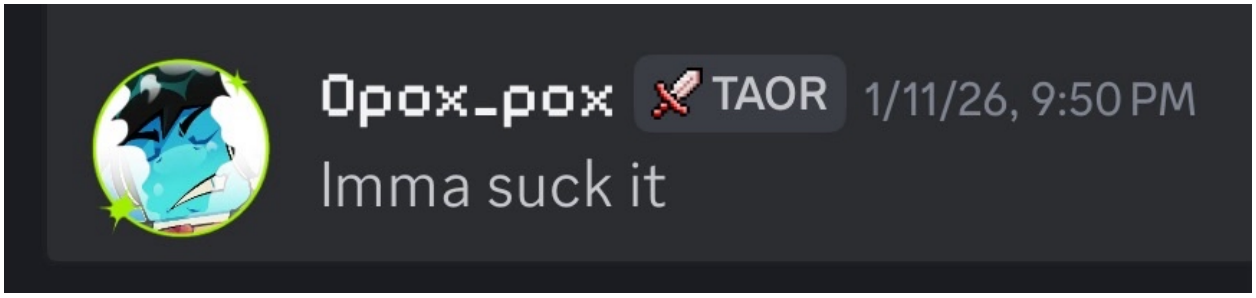
Alex then *yet AGAIN* asks for another *nude* butt picture from his victim.

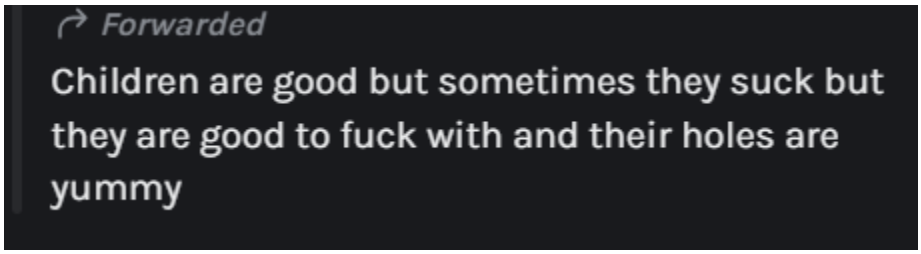


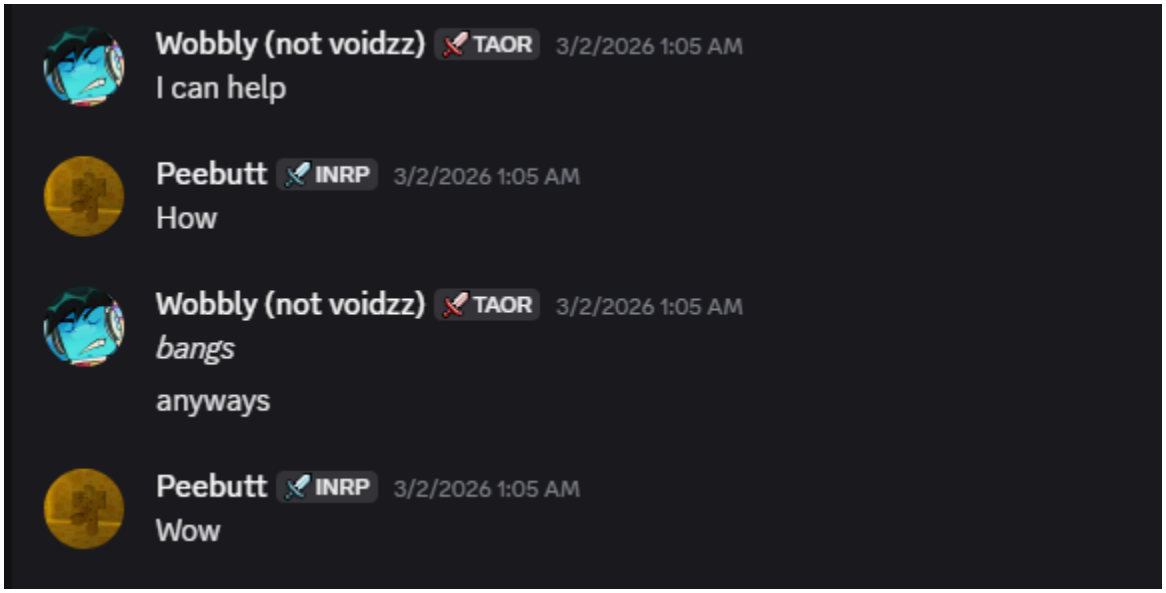
Alex then asks (I suppose) a victim to date another victim ***<u>together</u>***. **(threesome)**



Alex then asks his victim if it's *okay* for a **15** year old to date a <u>12</u> year old.

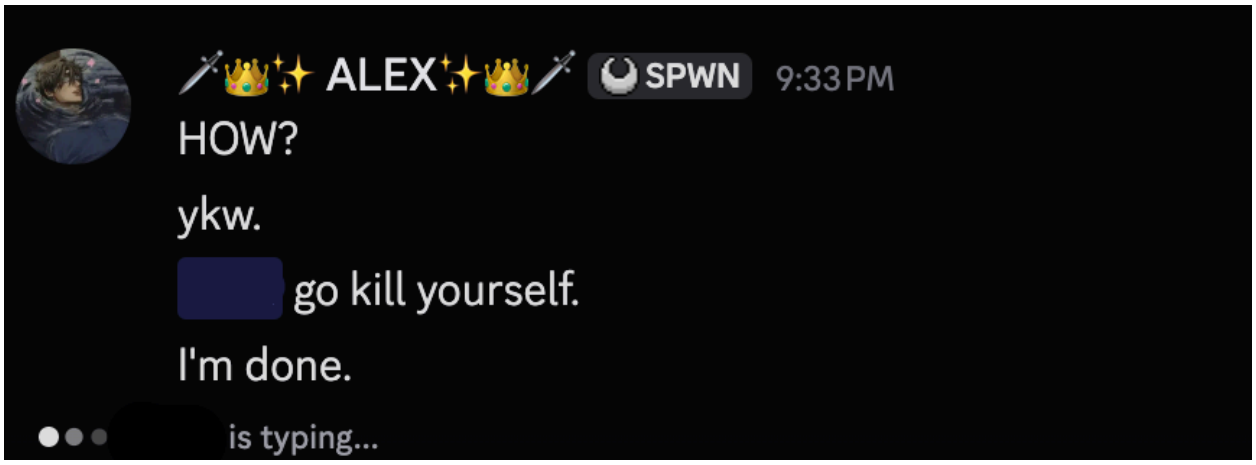






As you can see in this picture, Alex says to an at the time 13 year old, “*bangs*”

As you can see in this picture, Ali is getting false allegations put against him. (also btw im ali WHAT THE FUCK IS HAPPENING)



Ahem, shall I explain 🙏 well if you didnt know this is ancient clips from Alex before his “change” which wasn’t even a thing but anyways he told some person which we blurred out so then they dont get attacked by alex’s meat riders 🙄 to end their life.

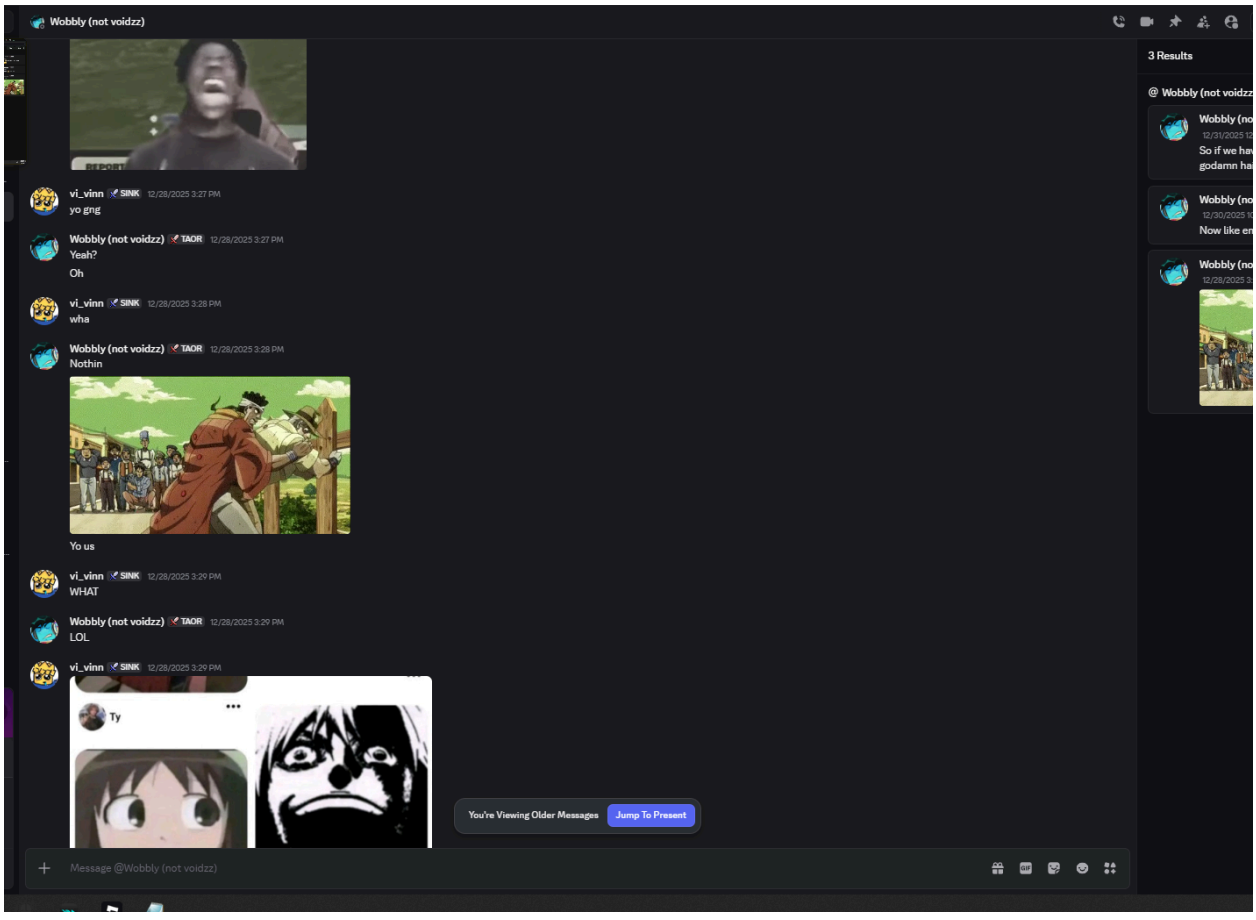
So like first of all what the fuck second of all this photograph shows alex/orbit saying a LOT of weird stuff



As you can observe in this photograph this shows alex sending a gif from the anime "Jojo's Bizarre Adventure” and it is a scene where one of the characters is backshotting another one of the characters
Said gif is on the next page

—----------

The photograph on the next page is talking about alex and wanting the victim make the renders have sex and kiss then show him the animation which in my opinion is pretty messed up and should also be y

Hello to the TAOR team, this is a co owner texting, well previous, orbit has silenced me, i was gangle, i had helped with a ui, but now that orbit has banned me, that is no more, i would like to inform you about orbit, with all the given info at the top, please read this, i had created orbits account to keep him safe, i got rid of stuff for him, and i had trusted him, but with the info given by my friend, Alice, and the others, it is safe to say DO NOT TRUST ORBIT. He is a lying POS and he doesn't care for the helpers, such as, composers, developers, main animators, modelers, and so much more, for a year and a half, he has said "Oh ill pay you guys whence i have the money." This was never true. Orbit had lied to everyone, not one person had gotten their money after A YEAR AND A HALF! If this file gets out to the public, do not trust orbit, not one bit, and to the dev team and everyone apart of the TAOR team, please, do not trust him and leave the server, I will miss you all, but I am no longer obligated to say anything else as of what i know. He had lied to me and he had lied to everyone, that is all I have to say. Stay safe. - Gangle

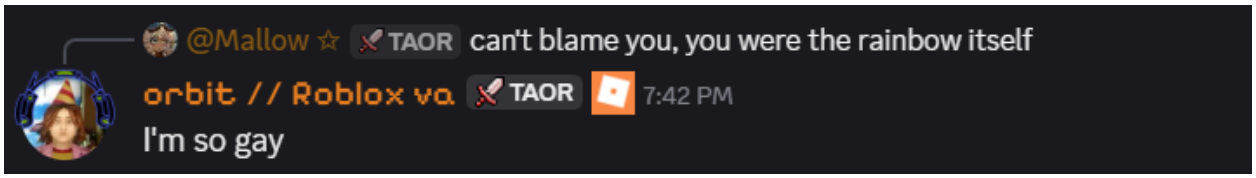
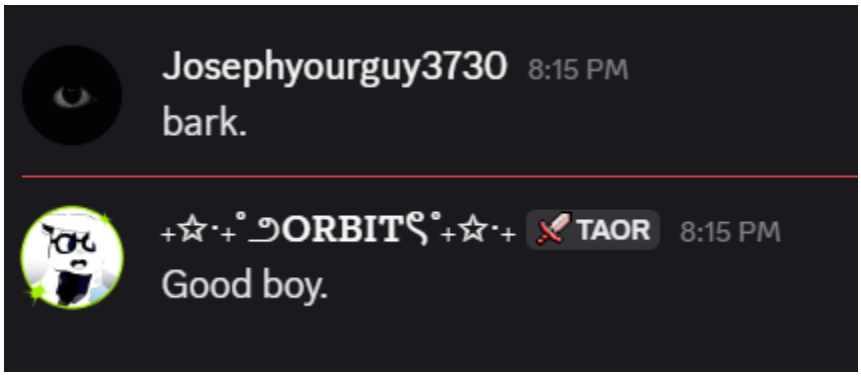
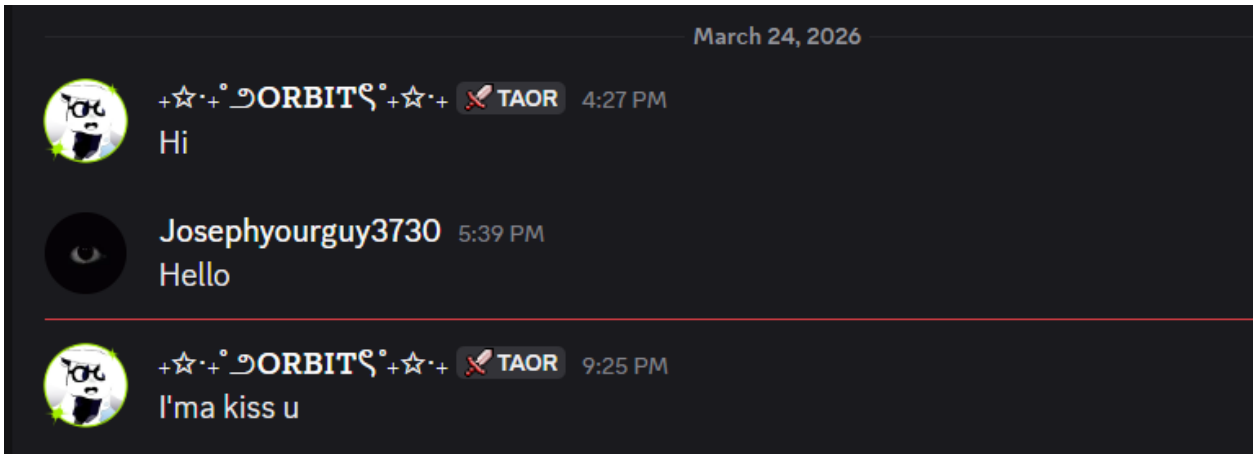
I am Joseph Walls, a victim of Alex. While I do not have many screenshots of the messages Alex sent (He deleted them) I do have SOME screenshots. Let's start with the first one.



This image shows no predatory behavior, but is an honorable mention.



This is an instance where there was a darebot in the server that told me to act like a dog for one minute, Alex, (Being the sick fuck he is) Had to make this something sexual.



Pretty obvious what's going on here.

Along with these screenshots, he also has asked MULTIPLE TIMES, to see my ass, and every single time, he would always threaten to commit self harm. Overall, Alex is a disgusting person and should be banned off of any platform that he gets put on, I really hope he knows what he's doing, but with all that said, he needs to fuck off. Have a great day. (unless your name is alex and you own a game called the area of robloxia) - Joseph

first of all the 9 yr old lied abt their age and actually provoked to doing dirty activities (texting and such) so orbit isnt in the whole worng

however i cant justify that u should ask a minor for those type of things 😭

theres also the fact that orbit himself was groomed at a young age into thinking its okay for this behavior so he never learned what was
